Welcome to New Club Members

No New Members this month. 😞

Club “Workshop Manual” Library

The BOP Jag Club has acquired (legitimately) a large number of Jaguar Workshop Manuals and they have set up a Cupboard for their storage and care. These Manuals cover XJ6, Xj12, XJS, XK8, S-Type, X-Type. There are also some very detailed Electrical Wiring Manuals covering XJ6 & 12, Xj8, Xk8, XJ (X300 & X350), X-Type, and XF. Sorry – Nothing for E Type, Mk 2 or later models.

If you would, therefore, like some information, then simply email me -Gary- on gbexley@xtra.co.nz the Model and required detail and I will photograph the pages and send them to you. If you would like to borrow the whole manual, then we would need your contact details and your signature as we don't want to loose track of the books. We would then have to come up with a plan of getting it to you.

Also, if you happen to have any Jaguar Manuals, Reference Books, etc. that you no longer require and would consider gifting them to the club, to add to the library, then that would be very much appreciated. I can assure you they will be taken care of and I am sure other Members will obtain a lot of information and/or pleasure from them.

DON'T WORRY ABOUT GETTING OLDER.

**YOU'RE STILL GONNA DO DUMB STUFF,
ONLY SLOWER.**

Last Month's Event

The Hidden Cafe

The Waikato day dawned damp. By 10.30am, at the Taupiri BP, the arrival of 10 Jaguars looked stunning in the rain. The instruction sheet was issued and the first car headed away at about 11am. A delay between car departure was intentional, so the one hour's drive did not become a procession.

The route to the back of Huntly and on to SH22 was amazing. The rain had eased and in places the road was dry. The scenery from high elevation was absolutely stunning. A comment from one of the drivers, 'I thought I knew all the roads at the back of Huntly, but have never been on this one', A big thankyou to Rob and Kim for stopping and directing the two horses back into a paddock to keep them off the road. Without your intervention, the outcome could have been a tragedy. Again, thank you and well done!!

Over the Port Waikato bridge, bypassing the Tuakau township, and also avoiding the Pukekohe town centre. The route meandered around the outskirts, towards Patumahoe crossroad roads, onto Gun Club Road and popped out at Paerata. A little way on the left, the driveway for the Hidden Cafe was between the two banners on the two large trees.

With 40 car parks available, there was plenty of room for all of us to park and wander on in to the cafe. The tables were reserved for us and in no time at all, the ordered food was being delivered. Great service, great atmosphere, great company and a great day out.

Cheers Dave and Helen
